

FAASafety Team Flight Instructor Open Forum #4

Single pilot resource management (SRM) is defined as the art and science of managing all the resources (both onboard the aircraft and from outside sources) available to a single pilot (prior to and during flight) to ensure the successful outcome of the flight. How do you teach SRM? At this forum we'll discuss how and what to teach about SRM. All Designated Pilot Examiners, and Instructors in training are welcome and encouraged to attend. Join your flight instructor colleagues and take an active role in improving safety in flight training! Don't miss this important event! Click on the link below and register TODAY!

Directions: Buffalo-Niagara Airport just off Aero Drive at the former location of Flying Tigers Restaurant.
